

Accessibility Policy

The following policy and procedures have been established by Aurora King Baseball Association (AKBA) to govern the provision of its services in accordance with the Accessibility for Ontarians with Disabilities Act, 2005 and Regulation 429/07, "Accessibility Standards for Customer Service."

Scope

The policy and procedures apply to AKBA and the programs and services directly provided by the Association and venues used for AKBA events.

Policy

In fulfilling our mission, AKBA strives at all times to provide its goods and services in a way that respects the dignity and independence of people with disabilities. We are also committed to giving people with disabilities the same opportunity to access our programs and services and allowing them to benefit from the same services, in the same place and in a similar way as other members and participants.

Board approved last: 19 November 2019

Operational Procedures

AKBA is committed to excellence in serving all members and participants including people with disabilities and we will carry out our functions and responsibilities in the following areas:

- 1) Communication – When communicating with a person with a disability, AKBA will communicate in a manner that considers the person’s disability.
- 2) Assistive devices – AKBA recognizes that some individuals with disabilities use assistive devices in order to access our services. We will permit these individuals to use their assistive devices to obtain, use or benefit from our services. Should an individual with a disability be unable to access our services through the use of their own personal assistive device, AKBA will determine if service is inaccessible, based upon the individual requirements, assess service delivery and potential service options to meet the needs of the individual. As our building is not accessible to all, we will make arrangements to meet at a barrier free facility with participants or representatives from member clubs as required.
- 3) Service Animals – AKBA recognizes that some individuals with disabilities may require the use of guide dogs or other service animals in order to access services. Persons with disabilities who are accompanied by a guide dog or other service animal will be permitted to enter the parts of our premises or our event locations that are common areas and to keep the animal with them, unless the animal is otherwise excluded by law from the premises. If the animal is legally excluded from some parts of the premises, AKBA will provide alternative measures to enable the person to obtain, use or benefit from its services. If there are concerns regarding the service animal, documentation concerning the service animal may be required by AKBA.
- 4) Support Persons – AKBA further recognizes that some individuals with disabilities rely on support persons for assistance while accessing services. A person with a disability who is accompanied by a support person will be allowed to enter AKBA’s premises or our event locations together with the support person and will not be prevented from having access to the support person while on our premises at no additional cost.
- 5) Employment Practices – AKBA will ensure all human resource procedures will meet the guidelines laid out within the policies. Any posting for employment will indicate an openness for potential candidates to be aware of our policy and support for all candidates to pursue the position.

Notice of Temporary Disruption

AKBA will provide participants with notice in the event of a planned or unexpected disruption in the facilities or services usually used by people with disabilities. This notice will include information about the reason for the disruption, its anticipated

duration, and a description of alternative facilities or services, if available. The notice will normally be posted on the premises, where appropriate in the circumstances.

Training

AKBA will provide training to applicable volunteers about the provision of services to persons with disabilities and all those who are involved in the development and approvals of customer service policies, practices and procedures. Applicable members of the team will be trained on policies, practices and procedures that affect the way services are provided to people with disabilities. Training will be updated if any changes are made to the legislation or changes in best practices. New team members will have training in this area as part of their orientation.

Training will include the following:

- a) The purposes of the Accessibility for Ontarians with Disabilities Act, 2005 and the requirements of the customer service standard.
- b) How to interact and communicate with people with various types of disabilities.
- c) How to interact with people with disabilities who use an assistive device or require the assistance of a service animal or a support person.
- d) What to do if a person with a disability is having difficulty in accessing AKBA services.
- e) AKBA's policies, practices and procedures relating to the customer service standard.

Feedback Process

The goal of AKBA with regard to accessibility is to meet and surpass participant and member clubs' expectations while serving persons with disabilities. Comments on our services regarding how well those expectations are being met are welcome and appreciated.

Feedback, including complaints, regarding the way AKBA provides goods and services to people with disabilities can be made by email, verbally, or in writing. All feedback will be made to:
